

October 15, 2020

(All City Council Persons List)

Council Person:

At a Special Board Meeting on October 15, 2020 the DLANC board voted to support Council File 20-0004 regarding the situation in Armenia. The Board also voted to send this letter individually to each L.A. City Council Person.

The DLANC Board agrees completely with the content of the City Council Resolution. We do, however, ask that President Martinez agendize this resolution **at the earliest possible date**.

Los Angeles has a large Armenian/American population and many of whom live and/or work within the DLANC boundaries. Too many have been personally affected by this conflict, including members of our Neighborhood Council Board.

We ask that you act on this quickly.

Thank you for your time and attention to this matter,

Patricia (Patti) Berman

President
Downtown Los Angeles Neighborhood Council
DLANC
