**b. Government Liaison:**

- i. Discussion & Possible Action on submitting a CIS in **support, unless amended**, for [CF 21-0533](#): Gas, Diesel, Fossil Fuel Pumps/New Building and Permit Prohibition/Zero Emissions Vehicle/Non-Fuel Related Facilities/Los Angeles Municipal Code/Amendment.)

**CIS Supplemental Statement:**

*“The Downtown Los Angeles Neighborhood Council (DLANC) understands the urgency with which we must tackle climate change and realizes that bold steps must be taken. DLANC also understands that our dependence on fossil fuels and their derivatives must be reduced for the health and well-being of all Angelenos. Working class communities in our city, many of them home to DLANC stakeholders, are those hit hardest by fossil fuel pollution and are also often those most dependent on gas stations and fossil fuels for daily commutes. The DLANC Board supports this motion on principle but if adopted urges the City of Los Angeles to take measures to ensure that the benefits of the motion are felt most in the communities that have been disproportionately negatively impacted by fossil fuel pollution and that those same communities get prioritized access to cleaner, cheaper, and more efficient transportation.”*
