RR: FD uses Big Belly, DCBID also has some integrated.

Cost per unit is the biggest obstacle – contracts and maintenance.

Big belly models have been a struggle, suggests looking into what NYC uses. European models are not compliant with right-of-way laws in the US.

LASAN has one vendor approved, suggests looking for additional models.

Most of DTLA is managed by the BIDs, not LASAN.

Suggests Lawrence come back to the committee with a letter that includes suggestions to encourage BID adoption.

d. Spring Street Park security and maintenance issues

VR: With no more security staffing, park conditions have gone downhill.

How do we raise this issue to the City? Seeking to renew \$150k funding for security, but City doesn't seem to want to allocate any funding.

RR: Suggests to ask Recs & Parks to create Park Advisory Board (PAB), which gets budget from the parks department.

DZ: Next step would be to set up a working group for Spring Street Park

RR motioned to create working group, with Victor as chair, and authorizes the group to meet with RAP on DLANC's behalf. Group can have three members max.

MC seconded.
