IN CONFORMITY WITH THE JANUARY 1, 2026 ENACTMENT OF CALIFORNIA SENATE BILL 707 (DURAZO) AND LA CITY COUNCIL FILE 23-1114, THIS DOWNTOWN LOS ANGELES NEIGHBORHOOD COUNCIL MEETING WILL BE CONDUCTED VIRTUALLY.

In the event of a disruption that prevents the eligible legislative body from broadcasting the meeting to members of the public using the call-in option or internet-based service option, or in the event of a disruption within the eligible legislative body's control that prevents members of the public from offering public comments using the call-in option or internet-based service option, the eligible legislative body shall take no further action on items appearing on the meeting agenda until public access to the meeting via the call-in option or internet-based service option is restored. Actions taken on agenda items during a disruption that prevents the eligible legislative body from broadcasting the meeting may be challenged pursuant to Section 54960.1. **California Government Code Section 54953.8(b)(3).**

The legislative body shall not require public comments to be submitted in advance of the meeting and shall provide an opportunity for the public to address the legislative body and offer comments in real time. **California Government Code Section 54953.8(b)(4).**

Notwithstanding Section 54953.3, an individual desiring to provide public comment through the use of an internet website, or other online platform, not under the control of the eligible legislative body, that requires registration to log in to a teleconference may be required to register as required by the third-party internet website or online platform to participate. **California Government Code Section 54953.8(b)(5),**

A legislative body that provides a timed public comment period for each agenda item shall not close the public comment period for the agenda item, or the opportunity to register, pursuant to paragraph (5), to provide public comment until that timed public comment period has elapsed. **California Government Code Section 54953.8(b)(6)(A),**

A legislative body that does not provide a timed public comment period, but takes public comment separately on each agenda item, shall allow a reasonable amount of time per agenda item to allow public members the opportunity to provide public comment, including time for members of the public to register pursuant to paragraph (5), or otherwise be recognized for the purpose of providing public comment. **California Government Code Section 54953.8(b)(6)(B).**

Comments from the public on other matters not appearing on the agenda that are within the Committee’s jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Committee is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Committee meeting. - b. Discussion and possible action to submit a Community Impact Statement on CF [14-0499-S6](#): Active Transportation Program (ATP) / Cycle 6 Call for Projects / State of California Department of Transportation / Grant Applications

**Supplemental Statement:** DLANC recognizes the constraints and challenging position that City departments and Public Works Bureaus face with respect to resources and staffing as they work to deliver projects amid the current fiscal and workforce reductions. However, DLANC opposes any cancellation of the Skid Row Connectivity and Safety Project. Instead, we urge Council District 14, in collaboration with City departments and the Public Works Bureaus, to explore options to simplify or reduce the scope of work and to value-engineer the project to ensure its feasibility and effective delivery.

Additionally, we request that the City seek an extension of the ATP grant from the California Transportation Commission before considering any return of awarded funding or termination of the Skid Row Connectivity and Safety Project.

- c. Discussion and possible action to submit a Community Impact Statement on CF [25-1509-S1](#): Keep Hollywood Home / Special Conditions Repeal / Unified Filming Framework / FilmLA

**Supplemental Statement:** DLANC supports citywide efforts to keep Los Angeles film-friendly and to help sustain the film industry amid ongoing production relocations. Downtown Los Angeles is home to many who work in the entertainment industry, from filmmakers and production designers to the custom shops and prop houses that help keep the industry moving. That said, we have concerns regarding the removal of existing Neighborhood Special Filming Conditions, particularly in communities like Downtown Los Angeles, which is disproportionately impacted by

filming activity. Due to the unique nature of the Downtown community and the ongoing challenges resulting from the loss of economic activity, it is critical to strike a balance by ensuring DTLA remains film-friendly while also protecting the ability of residents, small businesses, and property owners to maintain normal operations and receive appropriate mitigations, especially during high-impact productions.

We support standardizing notification, survey, and monitoring requirements citywide, and strongly encourage transparency and meaningful outreach to Neighborhood Councils and other Community-Based Organizations. However, we oppose any efforts to “Exempting the Downtown area from ‘residential’ surveys based on land-use patterns.” While we support a consistent citywide filming conditions framework, it must not come at the expense of necessary protections in heavily impacted neighborhoods like Downtown. Any new framework should preserve the ability to implement site-specific or neighborhood-specific conditions that address issues unique to certain areas and may not be present elsewhere in the City.
