

El Corazón Art Park

A Community-Centered Art Park in the Heart of Los Angeles
Sports • Recreation • Art • Wellness

April 21, 2026

Vision Statement

Everybody has a heart. *Todas y todos tenemos un corazón.*
As major sports and cultural events come to Los Angeles, we will create a unique art experience for everyone, putting our City's "heart" on the international map.

Launched with AltaMed's singular commitment to art, healing, and community...

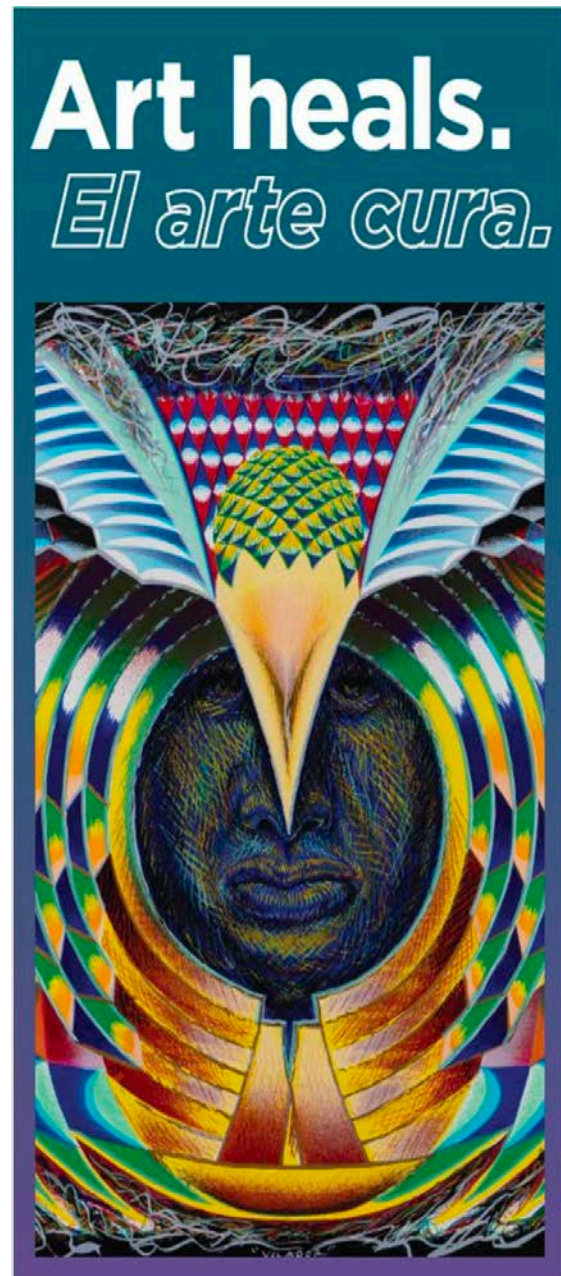

Culture, creativity, sports, and wellness unite...

Creating a communal heartbeat that echoes for generations to come.

What is *El Corazón Art Park*?

- An approved Recreation and Parks community project that provides health, wellness, sports, and cultural programming in a multi-use space. This project includes green-scaping suitable for outdoor sports and recreation activities; cultural immersion opportunities; and a community gathering hub, all accessible to the public.
- This community-centered art park reflects AltaMed's decades-long commitment integrating culture into community health and healing throughout Los Angeles.

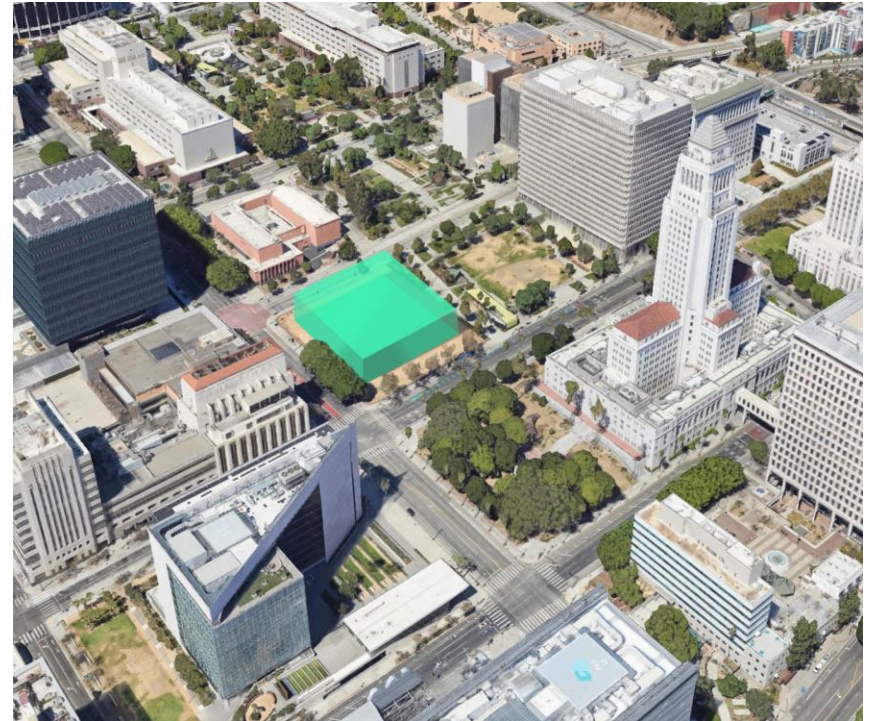

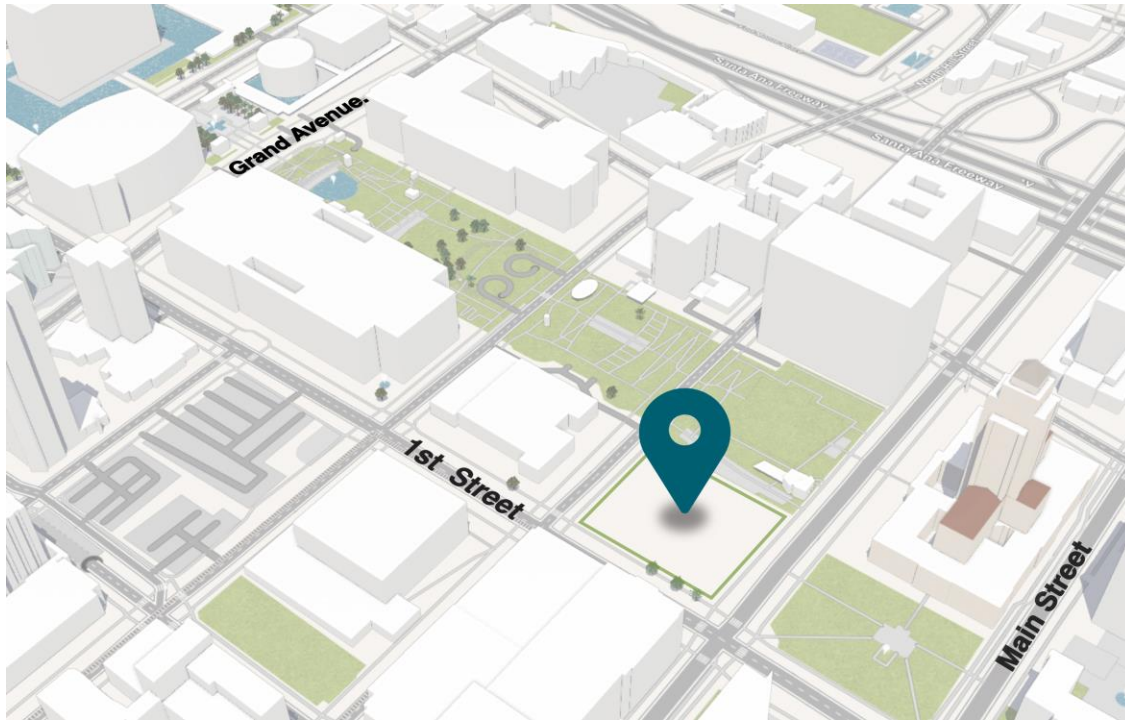

What is *El Corazón Art Park*

- **A Community Gathering Space.** An outdoor gathering space integrating youth sports programming, wellness activations, healing, art, and culture.
- **Connecting Through Culture.** From exhibitions of international artists together with local Los Angeles art, to commissioned works of art: *El Corazón Art Park* centers community and invites use of this space for healing, wellness, and movement.
- Picture an environment, featuring public sculptures, installations and performances, video projections, an art gallery with exhibitions, and community arts programming for both recreation and creative experiences.
